

Keeping Ontarians Healthy

1 in 5 people in Ontario don't visit a dentist because they cannot afford it

Source: Association of Ontario Health Centres

So...

In 2012 there were almost 58,000 visits to hospital Emergency Rooms for oral health problems, costing at least \$30 million a year, dollars that could be invested in early treatment and prevention

Source: Association of Ontario Health Centres

and...

23% of people in Ontario do not have drug insurance and almost 1 in every 10 cannot afford to fill their prescriptions

Source: Association of Ontario Health Centres

Ask your candidate  **What will you do to make sure everyone in Ontario can afford to see the dentist and get the prescription drugs and vision care they need?**
